Abraham Frisch House

North Point North Historic District
 2607 N Wahl Avenue

Owners William Pape and Jacob Frick are to be commended for their dedication to the Abraham Frisch House, designed by the prominent Milwaukee architects Peter Brust and Richard Philipp one hundred years ago. The front terrace was rebuilt as originally constructed, the steps from the sidewalk to the terrace were rebuilt with added knee walls and brick plinths, iron railings were reinstalled, the rear porch was rebuilt, and pergolas were added. This project exemplifies the spirit of preservation, keeping a masterpiece in fine condition to pass along to future generations.
