Important Information Regarding Permits

All plumbing, heating, electrical, and structural repairs require permits before work can start. Permits are obtained at the Development Center located on the first floor of 809 N. Broadway.

Licensed contractors must do the above work, although owner occupants *may* be eligible to do maintenance work and structural/carpentry repairs.

Owner occupants *may* be eligible to do plumbing work on the unit they live in, but check with the plumbing inspector first.

Generally, minor carpentry repairs, plaster patching, and painting do not require permits.

Anyone disturbing painted surfaces must assume they contain lead paint if the home was built before 1978. Contractors must be licensed to do lead abatement and must obtain a permit. Permits are obtained from the Health Department, located at 841 N. Broadway, 1st Floor.

There may be bare soil at this premises. This soil may have accumulated lead in amounts greater than or equal to the US Environmental Protection Agency (EPA) Lead in Soils Standards. For advice on addressing lead in soil, consult the document [Human Health Hazards: Lead in soil from exterior paint](http://www.dhs.wisconsin.gov/publications/p45015.pdf) from the State of Wisconsin at www.dhs.wisconsin.gov/publications/p45015.pdf.
