

## South 35th Street Construction Project West Mitchell Street to West Greenfield Avenue

The project is managed by the City of Milwaukee Department of Public Works (DPW) in conjunction with the Wisconsin Department of Transportation

**Anticipated Start: April 8, 2016 • Anticipated Completion: July 2016**

### Project Overview

The project will consist of removing the existing roadway and replacing it with concrete pavement. All curbs, gutters, and driveway approaches will be replaced. Sidewalks will be replaced as necessary due to condition or grade differential. The intersection of North 35th Street and West Greenfield Avenue will be replaced, one side at a time. Left turn lanes will be provided at the intersection of South 35th Street and West Greenfield Avenue.

### Traffic

During construction, South 35th Street between West Mitchell Street and West Greenfield Avenue will be reduced to one lane of traffic in one direction during stage one and stage two.

### Parking, Pedestrian and Driveway Access

On-street parking will not be available during construction. Pedestrian access will be provided to abutting properties and businesses during construction with the least amount of inconvenience. City staff and the contractor will work to minimize the amount of time any driveway access is restricted, and will notify the property owner 48 hours in advance of any driveway work.

### Working Hours

Work is allowed from 7:00 a.m. to 9:00 p.m., Monday through Friday. The contractor cannot work on weekends without prior approval from the Department of Public Works.

### Bus Route/ Detour

Stage 1:

The #35 southbound bus will turn left off South 35th Street onto West National Avenue and continue east to South Layton Boulevard, then make a right turn on South Layton Boulevard proceeding south to West Burnham Avenue, then turning right on Burnham Avenue and proceeding west to South 35th Street, turning left on South 35th Street and proceeding south on its regular route.

Stage 2:

The #35 northbound bus will turn right off South 35th Street onto West Burnham Avenue, continuing east to South Layton Boulevard, then making a left turn on South Layton Boulevard proceeding north to West National Avenue, then turning left and proceeding west to North 35th Street, and making a right turn and proceeding north on its regular route.

*continued*

### Communication and Contact Information

The City of Milwaukee will have staff overseeing various portions of the work:

- Construction Supervisor: Will address contractor concerns.
- Project Inspectors: Will be on-site fulltime to oversee the contractor’s work and ensure that the concerns of the public and businesses are being addressed.
- Support for Business Liaison (SBL): Will provide information about the construction, share timelines and procedures via construction updates with businesses and other key organizations. The SBL also coordinates with the construction supervisor and project inspector to resolve concerns from businesses and residents.
