Stage Two Begins

Stage Two: Work will begin today, August 5th. Starting at 84th Street to 99th Street, this stage consists of removal and reconstruction of the eastbound lanes (south side). Traffic will operate on the newly constructed north side of the roadway with two lanes of through traffic, one in each direction. Wet weather delayed the switch over.

On Monday, August 19th, the removal and re-construction of the eastbound lanes (the south side) of the roadway from 100th Street to Mayfair Road will begin. The reconfiguration of North Lisbon Avenue, south of Capitol Drive, will begin at this time as well. DPW staff will work with the contractor to develop a plan for the apartment complex and the businesses in the impacted area to ensure that residents and customers can get in and out of the area during construction.

The new construction completion date is November 2013.
