West Hampton Avenue Property/Business Owners:

Phase 2 of the West Hampton Avenue project, from North Teutonia Avenue to North Green Bay Avenue has begun. Reconstruction has moved to the south side of West Hampton Avenue (eastbound lanes). Two-way traffic – one lane in each direction – moves to the recently completed westbound lanes. Note that Phase 2 has required the elimination of the left turn lane from westbound Hampton Avenue to southbound Teutonia Avenue to allow room for bus movements, similar to Phase 1. Milwaukee County Transit will maintain its current bus service on West Hampton Avenue with the bus stops moving to the medians when construction prevents stopping at the curb.

To accommodate construction and to keep traffic flowing in both directions, parking is not allowed on West Hampton Avenue.

Dan Wimmer, Project Leader, will work with the Support for Business Liaison to provide directional signage where needed. Where possible, gaps will be provided to allow access to businesses located on the south side of West Hampton Avenue.
