National Disability Employment Awareness Month, October 2018

Recognition by

The City of Milwaukee Equal Rights Commission

October 8th, 2018

Workplaces welcoming of the talents of all people, including people with disabilities, are a critical part of our efforts to build an inclusive community and strong economy. In this spirit, the City of Milwaukee is recognizing National Disability Employment Awareness Month this October to raise awareness about disability employment issues and celebrate the many and varied contributions of people with disabilities. Activities during this month will reinforce the value and talent people with disabilities add to our workplaces and communities and affirm Milwaukee's commitment to an inclusive community.

The City of Milwaukee Equal Rights Commission recognizes October 2018 as National Disability Employment Awareness Month. In so doing, we call upon employers, city departments, schools and other community organizations in Milwaukee to observe this month with appropriate programs and activities, and to advance its important message that people with disabilities are equal to the task throughout the year.
