

**City of Milwaukee
Historic Designation Application Instructions
Site or Structure**

To be considered for designation by the Milwaukee Historic Preservation Commission, it is necessary for an applicant to complete the enclosed application form and return it. The application is designed so that it can be completed without professional assistance. Although most of the items are self-explanatory, some may be unfamiliar to you. The following instructions explain the most frequently misunderstood items. If you have further questions, do not hesitate to contact the Historic Preservation Commission staff at (414) 286-5722.

1. **Historic Name:** This is ordinarily the first name given to the building or the name of the original owner. A name associated with a site at a later date may also be used if it can be demonstrated to have more historic validity than the name by which it was first known.

Common Name: This is usually the name by which a site is currently popularly identified. It may be the same as the historic name.

5. **Representation in Existing Surveys:** If you know whether or not your property has been included in the City of Milwaukee Historic Building Inventory or some other inventory or has been previously historically designated by either the former Milwaukee Landmarks Commission or the National Register of Historic Places, please indicate this information. If you do not know, just write "unknown."

6. **DESCRIPTION Written Description:** Describe the structure's shape, building materials, and exterior features in paragraph form. Specify types and colors of materials, the design or pattern of decorative ornament, and the arrangement of architectural elements. Also describe other features on the site such as outbuildings, decorative fences, sculpture, fountains, or landscape treatments that may add to the significance or historic character of the site. Briefly describe additions or alterations and non-historic features. Use continuation sheets, if necessary.

7. **SIGNIFICANCE Written Statement of Significance:** In a brief opening paragraph, enumerate the areas of significance previously checked and explain specifically why the site is important in each of these categories. In subsequent paragraphs, and on continuation sheets, if necessary, detail the history of the site and the people or events that have contributed to its significance. You may want to attach photocopies of documentation to support and further amplify your research.

8. **Major Bibliographical References:** Include major references. Use continuation sheets if necessary. Be sure to include publisher, city, and publication dates for books and edition dates for newspapers and periodicals.

9. **Property Description:** Indicate the acreage of the nominated property (if less than one acre, just say "less than one acre") and the legal property description from the deed or tax assessor's records.
