

Help supplement your health coverage with Accident Insurance protection.

Receive benefit payments directly and use the funds however you wish.

Accident Insurance works to supplement your medical coverage — and pays regardless of what your medical plan may or may not cover. It's coverage that provides a financial cushion for life's unexpected events by providing you with a lump-sum payment (one convenient payment all at once) for a covered event when your family may need it most. The payment you receive is yours to spend however you like. It pays if you have tests, or receive medical services, treatment or care for one of more than 150 covered events¹ as defined in your group certificate.

Accident Insurance

Coverage that can help with unexpected expenses, such as those that may not be covered under your medical plan.

How does the payment work?

A. We make payments directly to you.

The amount you receive is paid regardless of any other insurance you might have, and you can spend it however you like. You might use it to help pay for medical plan deductibles and copays, out-of-network care, or even for your family's everyday living expenses. Whatever you need while recovering from an accident or injury, Accident Insurance is there to help make life a little easier.

Am I eligible to enroll for this coverage?

A. Yes, you can enroll both yourself and eligible family members.² All you need to do is enroll during your enrollment period and be actively at work.

I have a good medical plan at work, so why do I need Accident Insurance?

A. Accidents can happen anytime, anywhere and usually when you least expect them. What's more, they can be costly. Even the best medical plans can leave you with extra expenses to pay or services that just aren't covered. Things like plan deductibles, copays, extra costs for out-of-network care, or non-covered services. Many people aren't prepared to handle these extra costs, so having this extra financial support when the time comes may mean less worry for you and your family.

Can I enroll for this insurance without having a medical exam?

A. Yes. Your accident coverage is guaranteed,² regardless of your health. You just need to be actively at work to be covered. There are no medical exams to take and no health questions to answer, so the whole process might be easier than you first thought.

How do I pay for my coverage?

A. It's easy to pay premiums through payroll deductions, so you don't have to worry about writing a check or missing payments.

When does my coverage begin?

A. Right away — your coverage starts on the effective date of your coverage. There are no waiting periods for it to begin.

Can I use the benefit payment on anything I need?

A. Yes, you can use your payment as you see fit. Use it to help cover your medical insurance deductibles, copays, household bills, and more.

Is the claims process simple?

A. Yes. Once we receive all the information, claims are generally processed within 10 business days.⁴ You only need one claim form per accident and every claim is reviewed by a claims professional.

Are benefits paid directly to me or my healthcare provider?

A. Payments will be paid directly to you, not to the doctors, hospitals or any other healthcare providers. And to make things even easier, the check is made payable to you. There's no need to work it around any other insurance you may have. Benefits are paid no matter what your other insurance plans may cover.

If my employment status changes, can I take my coverage with me?

A. Yes. This coverage is portable, meaning you can take it wherever you go. Your coverage will only end if you stop paying your premium or if your employer offers you similar coverage with a different insurance carrier.³

Is there a Wellness Benefit included in this Accident insurance plan?

A. Yes. This benefit provides an extra **\$50** annual benefit per calendar year when you see your physician for eligible health screenings or prevention measures.⁵
