

# Eye Health

Eye conditions can range from a minor irritation to an emergency that requires immediate medical attention.

Come to the clinic for common minor eye complaints, such as:

- Pink eye
- Watery eyes
- Eye discharge
- Styes
- Mild eye discomfort such as itching, burning and stinging

- Sudden vision loss
- Eye pain
- Eye trauma
- Pink eye with abnormal sensitivity to light

These are signs of a serious eye condition and should be evaluated immediately in an urgent care or emergency room.

To make an appointment, call the **City of Milwaukee Workplace Clinic** at 414-777-3413. Or, visit [my.froedtert.com](https://my.froedtert.com) or the Froedtert & MCW app to make an appointment if you are an established Workplace Clinic patient.
