

2021-2022 Healthy Rewards Wellness Portal Action Plans

The City of Milwaukee wellness program offers online Action Plans to employees and spouses for Healthy Reward points. Action plans take 6-8 weeks to complete and registration is open until May 1, 2022. Participants earn 10 points for each completed action plan.

How do Action Plans work

Participants progress through a plan in sequence:

1. Initial Assessment—provides a picture of the participant’s health behaviors, risks and readiness to change.
2. Making a Plan—helps the participant select goals, identify barriers and begin health improvements.
3. Lessons—through video and interactive texts, show the participant how to reach goals by making gradual lifestyle changes.
4. Checking Your Progress—offers suggestions to help the participant meet goals not yet achieved and overcome remaining barriers.
5. Final Assessment—compares participant’s behaviors at end of the action plan with those reported in the initial assessment.

Each goal chosen by the participant generates a lesson, which explains the small changes necessary to significantly improve health.
