What is the difference between the Nurse Liaison and the Workplace Clinic?

The Workplace clinic provides treatment and healthcare services. The nurse Liaison does not provide any medical treatment services. The Nurse Liaison helps members in a number of areas related to medical condition support, understanding the complex medical landscape and navigating the many tools and resources available to them to help make important health decisions.

Where is the Nurse Liaison located?

The nurse is located in the City Hall complex on the 8th Floor (North End) in Room 804P. Signs are posted to help direct employees to the office. The nurse also visits various locations throughout the City. Please see the table below and DER's Wellness website for a monthly schedule of locations www.milwaukee.gov/WYCM.

What are the hours for the Onsite Nurse Liaison?

The Nurse Liaison schedule (location and hours) varies each week. For more information, check the wellness website www.milwaukee.gov/WYCM or call 240-549-9879.

How do I make an appointment?

Call 240-549-9879 or email mari.cohn@uhc.com to schedule an appointment.

Is there a cost for Nurse Liaison services or do I need to be enrolled in the City's health insurance?

This service is FREE for employees and spouses regardless of enrollment in the City's health insurance.

What types of services can the Nurse Liaison provide?

The Nurse Liaison is available to help members understand information and follow-up steps from doctor appointments, assist with a chronic medical condition, like diabetes, hypertension, and asthma, find the right type of care, and address questions or issues regarding care or treatment. The onsite nurse can also help employees address medical and pharmacy claim issues.
