City of Milwaukee Health Department Mumps Update (5/9/14)

MILWAUKEE – The City of Milwaukee Health Department has received reports of additional confirmed cases of mumps in the city. The total is now at 7 cases (increase of three from yesterday), one of which is confirmed to be associated with the University of Wisconsin-Milwaukee (3 total at UWM).

The MHD continues to coordinate closely with university health centers and health care providers. At this time, health officials continue to ask students and public to know their vaccination status and be aware of symptoms.

Please find additional information regarding signs and symptoms at www.milwaukee.gov/health.
