Business Update

MILWAUKEE – Masks are required per the MKE Cares mask ordinance, which went into effect on July 16, 2020 for the city of Milwaukee and the rest of the State on August 1, 2020. Please report business violations of the mask laws and order 4.2. by calling 414-286-3674 or emailing cehadmin@milwaukee.gov. Complaints will remain anonymous.

Under our phase 4.2 order, restaurants and bars are required to submit their Business COVID Safety Plan and fill out the [Risk Assessment Tool](#) to continue in person dining. (Deadline was September 15, 2020, but plans are still being accepted). The facility's COVID safety plan is comprised of two pieces. A complete safety plan is comprised of supporting documentation that addresses the components of the Risk Assessment Tool. The Risk Assessment Tool can be located at: <https://city.milwaukee.gov/MMFS/SafetyPlan>. Documents should be sent to cehadmin@milwaukee.gov with the subject line "COVID SAFETY PLAN: [insert name and address]." They can also be mailed or dropped into the drop box located in the Zeidler Municipal Building, on the first floor, by the lead and vital records department.

The Zeidler Municipal Building

841 N. Broadway

Milwaukee, WI 53202

8am - 430pm

Mon - Fri

Closed on the Weekends

All plans will be reviewed in the order received, and approval could be delayed. Once a business has been approved, the operator will receive a certificate or seal from the Milwaukee Health Department indicating that they may operate safely.

We will provide weekly business updates on Fridays to keep the community apprised of the status of businesses that have submitted/approved plans. As of today, we have received 981 plans. The attached list has the names of the 537 establishments that have been approved. The remainder are under review.

Reminder - the next monthly business warnings/citations update for violation(s) will be released on Friday November 13th.

The Warning/Citation Process:

Step 1 = If we receive a complaint of non-compliance, we will have a phone conversation advising what the requirements are, talk through any challenges the operator faces gaining compliance, and offer solutions. We let them know we will be spot-checking in the near future for compliance and if not in compliance, a citation could be issued.

Step 2 = If, during a subsequent inspection, compliance is not witnessed, a citation shall be issued.

Continued non-compliance can result additional citations and review by licensing authorities.

We would invite the community to visit: <https://city.milwaukee.gov/Coronavirus> for the most current information.
