Milwaukee Health Department COVID-19 Testing Sites Limit Operations on Election Day, Veterans Day, and Thanksgiving Day

MILWAUKEE - The Milwaukee Health Department will modify COVID-19 testing operations on several days in the month of November.

On Election Day, Tuesday, November 3rd, two of the three Milwaukee Health Department testing sites will be closed. Both the Northwest Health Center site (7630 West Mill Road) and the Southside Health Center (1639 South 23rd Street) will not be in operation that day. The Miller Park site will remain open on Election Day with walk-up and drive-thru COVID-19 testing available from 11:00 AM until 6:00 PM.

On Veterans Day, Wednesday, November 11th, the same closings will be in effect with the Miller Park testing location open, while Northwest Health Center and Southside Health Center testing sites will be closed.

All three sites will be closed for COVID-19 testing on Thanksgiving Day, Thursday, November 26th. The sites are scheduled to reopen the following day, Friday, November 27th.
