Statement from Acting Commissioner Marlaina Jackson of the Milwaukee Health Department

“The Milwaukee Health Department wholeheartedly supports Governor Tony Evers Executive Order #94 that advises Wisconsin residents to stay home as the surge in COVID-19 infections continues. It is important for everyone to embrace the advice.

“The current Milwaukee Health Department Order 4.2 remains in effect. That order includes a range of restrictions on activities and locations that have the potential to spread the virus. The Milwaukee Health Department constantly reviews the data associated with COVID-19 infections, and, if appropriate, local order modifications can be made.”

More information about the local order is available at <https://city.milwaukee.gov/coronavirus>.
