Milwaukee Health Department Winds Down Flu Vaccinations at Drive-Thru Sites *Traditional Flu Vaccine Still Available at Other Locations*

The successful flu vaccination efforts at the Milwaukee Health Department drive-thru sites at the Northwest Health Center and the Southside Health Center will conclude today. Staff that had been involved in this seasonal flu vaccination work will be pivoting to COVID-19 vaccine efforts in the coming days and weeks.

The Milwaukee Health Department has provided more than 4-thousand flu vaccinations this season.

It is not too late to get a vaccine for seasonal flu. Local health care providers and pharmacies offer it. Information regarding seasonal flu vaccination locations is available at [vaccinefinder.org](https://www.vaccinefinder.org).
