

Our Health. Our Community. Our Future.

Goals Summary

Inclusive and Fair Society

This document provides a summary of the goals that were identified related to creating an Inclusive and Fair Society. Below each goal are some of the ideas generated by community members during the Action Team Activity at the MKE Elevate Kick-Off Meeting on February 7, 2017 that informed the selection of the goal.

Goal 1: Promote Equitable Laws and Practices

- Policies that address violence; re-invent criminal justice system
- Get rid of discriminatory housing regulations
- Make funding policies transparent
- Reduce economic inequality
- Equity in application of laws

Goal 2: Enhance Community Connectedness

- Integrated, less segregation; diverse neighborhoods; willingness to live together
- Mindset of inclusion of all cultures and languages; cross cultural/racial communication
- Investment and development in neglected corridors
- Investment in cultural specific agencies
- More mentoring for youth; teaching cultural competencies to children
- More face to face communication
- Non-traditional relationships between groups
- Address fears of going into different communities; find commonalities for bonding; create opportunities to socialize
- Positive Milwaukee messaging

Goal 3: Enhance Community Governing and Shared Power

- Diversity of leadership in city
- Equitable representation in political system
- Less corporate power to influence policy
- Equitable voice and engagement in policy development
- Empower/train key community leaders in health
- Increase leadership skills in advocacy
- Community involved decision making
- Improve relationship between law enforcement and community
- Greater accountability and empathy from systems & elected officials
- Get from behind desk – be in community to understand problems
