## MKE Elevate Gallery Night Activity Worksheet

Welcome to the *MKE Elevate Gallery Night*! On display throughout the gallery, you will find posters of the proposed goals, objectives and strategies that were developed for each of the Priority Action Areas based on input from the community. The names of individuals and organizations currently engaged in the proposed strategies are listed, based on the results of the Current Initiatives Survey. If you or your organization are also currently engaged in one of the proposed strategies (or interested in learning more about how to get involved), please add your name to the display. During the gallery night, we encourage you to introduce yourself to those you do not know and learn more about their interest and involvement in the proposed strategies. Use this time to think about whether or not the proposed plan will elevate the health of the Milwaukee community. Consider the following questions:

- Are the GOALS appropriate?
  
  
  
  
  
  
  
  
  
  
- Are the OBJECTIVES achievable?
  
  
  
  
  
  
  
  
  
  
- Are the STRATEGIES aligned with the objectives?
  
  
  
  
  
  
  
  
  
  
- Which of the objectives and strategies should be PRIORITIZED in the plan?
