

WOMEN

Going to be a mother? Want to be a mother some day?
Start caring for your child before it's born. **Get an STI check-up!**

WHY?

Because your Sexually Transmitted Infection (STI)
can hurt or kill your unborn baby.

AND

STIs sometimes mean you can NEVER have a baby.

Sexually Transmitted Infections
include:

Chlamydia

Bacterial Vaginosis (BV)

Urinary Tract Infections (UTI)

Trichomoniasis (Trich)

Gonorrhea

HIV

Syphilis

Genital Herpes & Genital Warts

Hepatitis B

If you become infected,

- Seek care from your medical provider **RIGHT AWAY** and take **ALL** of your medication.
- Do **NOT** have unprotected sex...use a condom during intercourse.
- **Make sure your partner is treated.**

If you have questions, call the

Keenan Health Center STD Clinic

(414) 286-3631

or go to our website at

MEN:

Going to be a father?

Want to be a father some day?

Start caring for your child
before it's born.

Get an STI check-up!

WHY?

Because your Sexually Transmitted Infection (STI)
can hurt or kill your unborn baby.

AND

If you give an STI to your pregnant partner, you put
the baby at risk.

Sexually Transmitted
Infections include:

Chlamydia

Bacterial Vaginosis (BV)

Urinary Tract Infections (UTI)

Trichomoniasis (Trich)

Gonorrhea

HIV

Syphilis

Genital Herpes & Genital Warts

Hepatitis B

If you become infected,

- Seek care from your medical provider **RIGHT AWAY** and take **ALL** of your medication.
- Do **NOT** have unprotected sex...use a condom during intercourse.
- **Make sure your partner is treated.**
