

The Baby's Prayer – Please Help Me Live

Chorus (Lead)

When I close my eyes to sleep, Mommy Daddy (please) Pray for me,
Protect (me) take care of me, Please Help me Live.

Verse 1

The Greatest miracle you've ever heard, (you've ever heard)

Is when a new born baby enters earth,
Joy overcomes the heart, replaces pain,
When parents hear their baby's first cry, And call the babies name;

Everyone's excited want to see, (they want to see)

What this boy or girl will grow to be,
The furthest thought from everybody's mind,
Is that this precious gift in sleep would close their eyes,
And never breathe again because they died,

(We hear their prayer-----)

Unison:

When I close my eyes to sleep, Mommy Daddy pray for me,
Protect (me) take care of me, Please Help me live.(end down)

Verse 2

Too many times we see this tragedy (this `tragedy)

When life so young and precious suddenly,
Disappears like vapor, blows away,
Even though with God in heaven, they live with Him today,

What did we do, And what could we have done?

To save our little girl our baby son,
All our hopes and dreams are gone away,
When that precious little life just slipped away,

(We hear them pray-----)

Harmony:

When I close my eyes to sleep, Mommy Daddy pray for me,
Protect (me) Take care of me, Please let me live, I want to live, (2x)

I want to grow and touch God's sky, (Harmony-high)

I'll live for Him till the day I die, (when I grow old and gray and I die)

Make you rich my life for you I give,

Please let me LIVE! (I want to live!!!)

Unison:

When I close my eyes to sleep, Mommy Daddy pray for me,
Protect me Take care of me, I want to----LIVE!
