

## **2021 MFD TRAINING ACADEMY HIGHLIGHTS**

- Facilitated 235,086 training hours for sworn personnel.
- Delivered 72 company-based trainings for field and administrative personnel.
- Completed a 16-week recruit training program with 31 recruits, of which 16 of those entered the field with paramedic licensure.
- Developed and conducted five department-wide in-service trainings to include ambulance operations, G1 SCBA equipment training, mid-mount ladder training, water supply tender operations (conducted with Shared Services partner, North Shore Fire Department to learn how to use one another's equipment), and fit and flow testing with physical and mental wellness.
- Conducted State of Wisconsin certified courses for the MFD Professional Development Program.
- Multiple-day fire training took place at a vacant house with Shared Services partner, Greenfield Fire Department, combining Greenfield training with MFD recruit and cadet classes for a mutually benefitting experience.
