Multiple award categories on a nomination form or multiple award nominations for the same event will be removed from consideration and returned to the proper command for revision.

Once an award has been submitted for consideration and is denied by the committee and chair, it may not be resubmitted unless extenuating circumstances exist. These circumstances must be documented in a memorandum format and must include additional information not previously documented within the nomination. If no new information is to be considered, the nomination will not be reconsidered.

- B. A Commendation Report shall detail:

1. The circumstances, actions, or reasons surrounding the nomination, e.g., date, time, any arrests, witnesses' names, any state charges with the district attorney's

disposition, squad/wagon audio and video. When multiple members are involved in an act worthy of recognition, the specific action or justification for each member must be recorded in their reports for consideration.

2. The nominating supervisor shall thoroughly investigate any case or circumstance in which members distinguished themselves by performing services over and above what is normally expected to determine whether or not such members are deserving of a nomination for a merit service award.
  3. The nominating supervisor shall detail which award best represents the nominee's actions or circumstances.
- C. The Chief of Police or his/her designee may assign the nomination to an ASC for consideration.
- D. The chairperson shall arrange a meeting to review any commendation reports for merit awards. If necessary, the chairperson may require additional reports, squad video or other electronic media, and/or the appearance of witnesses at such meeting for verification of events reported.
