

March 4, 2025

Dear Trowbridge Families and Staff,

We want to provide you with an update on the ongoing lead remediation efforts at Trowbridge School.

On Monday, representatives from the City of Milwaukee Health Department (MHD) and Milwaukee Public Schools (MPS) conducted a walkthrough of the building, assessing different areas for cleaning and remediation needs. MHD and MPS are working together to ensure all necessary cleaning and containment measures meet health and safety standards.

MHD is finalizing the Lead Risk Assessment (LRA) and Health Order for Trowbridge. Once completed, these documents will be published on MHD's website at [www.milwaukee.gov/MPS-Lead](http://www.milwaukee.gov/MPS-Lead). MHD anticipates making these records publicly available by mid-week.

We do not yet have a reopening timeline for Trowbridge. Families should plan not to return to the school this week, and we will provide further updates as soon as more information is available. We hope to have a clearer progress update on the cleaning process by the end of the week.

Thank you for your patience and understanding as we continue working to ensure a safe learning environment for students and staff. Please continue to check [www.milwaukee.gov/MPS-Lead](http://www.milwaukee.gov/MPS-Lead) for the latest updates and [www.milwaukee.gov/HEH](http://www.milwaukee.gov/HEH) for lead resources.

Sincerely,

**Michael Totoraitis, PhD**  
Commissioner of Health  
City of Milwaukee Health Department

**Eduardo Galvan**  
Interim Superintendent  
Milwaukee Public Schools
