

NATIONAL AVENUE RECONSTRUCTION PROJECT PUBLIC SURVEY

The City of Milwaukee wants your help to set the vision for the new National Avenue from South 39th Street to South 1st Street. The goal is to work with partners, residents, and businesses to create a plan that will improve the health and safety of the community, create a sustainable corridor that reflects the unique neighborhoods it runs through, and encourage walking, biking and taking transit. Please help us understand your experience while visiting and traveling along National Avenue, and what you would like to see improved, by completing this short survey and returning it with the comment card in the enclosed envelope.
