

SOUTH 35TH STREET BRIDGE OVER THE KINNICKINNIC RIVER REHABILITATION PROJECT

Start: April 2019
Completion: November 2019

PROJECT OVERVIEW

The Department of Public Works, in conjunction with the State of Wisconsin Department of Transportation, will conduct a rehabilitation project of the South 35th Street Bridge over the Kinnickinnic River, located between West Kinnickinnic River Parkway and West Manitoba Street. The work consists of removing and replacing the bridge deck, roadway approach, and sidewalk, making necessary repairs to the steel and pier columns, installing new bridge railings and upgrading storm sewers.

WHAT TO EXPECT DURING CONSTRUCTION

To minimize how construction will impact residents, businesses, and the traveling public, the project will have four major stages:

Stage 1: The east side of the bridge will be closed for construction. Motorists will travel on the west side of the street, with one lane of traffic moving in each direction. Pedestrian access will be maintained on the west side of the bridge.

Stage 2: The entire bridge will be closed, for approximately seven calendar days, to allow for the pouring and curing of the concrete deck on the east side. Pedestrian access will be maintained from Stage 1.

Stage 3: The west side of the bridge will be closed for construction. Motorists will travel on the east side of the street, with one lane of traffic moving in each direction. Pedestrian access will be maintained on the east side of the bridge.

Stage 4: The entire bridge will be closed, for approximately seven calendar days, to allow for the pouring and curing of the concrete deck on the west side. Pedestrian access will be maintained from Stage 3.

Bus Route #35: Detours and possible delays during both 7-day closures of the bridge for stages 2 and 4, though all regular stops will continue to be serviced. Stages 1 and 3 will maintain regular route and schedule.

Parking: On-street parking will not be allowed during construction.

Construction Hours: Work is allowed from 7:00 a.m. to 9:00 p.m.

All work is weather dependent and subject to change

Business Owners- Contact the business liaison and visit our website Milwaukee.gov/supportforbusiness for guidance during construction
