GUIDE TO BUDGET DOCUMENTS

PLAN AND BUDGET SUMMARY

A document containing a fiscal summary of the 2013 budget; a budget forecast for Milwaukee; detailed narrative descriptions of each department's mission, services, outcome measures and related activities; and a summary of appropriations by expenditure category. This document is printed annually in proposed and final form as follows: the *Proposed Plan and Executive Budget Summary* contains the Mayor's Executive Budget as presented to the Common Council for review. The *Plan and Budget Summary* contains the budget as adopted by the Common Council.

BUDGET

The official City of Milwaukee line-item budget provides a listing of all appropriation accounts by department and is published after the final budget adoption.

SIX-YEAR CAPITAL PLAN

A presentation of the city's six year capital program. Includes details on planning, financing, infrastructure, and urban development undertakings involved in the capital plan and is published the spring following budget adoption.

To obtain copies of the: *Proposed Plan and Executive Budget Summary, Plan and Budget Summary, Budget, and the Six Year Capital Plan* contact the:

Tom Barrett
Mayor, City of Milwaukee

MAYOR BARRETT'S 2013 PROPOSED EXECUTIVE BUDGET
September 27, 2012

Good morning President Hines, members of the Common Council, members of the Cabinet and residents of our great city.

I want to start by welcoming our new Comptroller, Marty Matson, as he assumes his important role in the city budget process. I want to thank him for his cooperation in developing a stable debt service budget.

I'd also like to welcome our new City Treasurer, Spencer Coggs. Customer service has been a high priority for the Treasurer, and I know he will continue that tradition.

I'm pleased to see City Attorney Grant Langley. We're very happy to have you back at work and in good health and, Alderman Jose Perez, our newest member of the Common Council, welcome to your first city budget.

Since 2008, communities and people across our great nation have been dealing with the effects of the 2007-2008 Global Financial Crisis. Here in Milwaukee, the impacts have been intense and widespread. Foreclosures, job losses, and declining property values reflect the economic distress caused by the collapse of the markets and inadequate regulation.

The economic crisis hammered the security of millions of working families, public and private pension plans and municipal budgets. The crisis that no one here caused turned life upside down for so many.

During this difficult period, we have taken our duty to budget responsibly and because of that Milwaukee is positioned well to come out of the recession.

My 2013 proposed budget continues the responsible approach that has characterized our constructive partnership on budgets during the last eight years. We continue to address our challenges and preserve the city services residents expect.

The city's longstanding fiscal structure, with a reliance on State Shared Revenue increases, rising property values and minimal pension payments is no longer in place.

Current projections show \$65 million in structural improvements are required by 2016 to achieve the changes necessary to put the city budget closer to balance.

I am confident that the city is prepared to take on these difficult challenges. I believe that we can do this in an orderly fashion over four years, without layoffs, budget gimmicks, or excessive borrowing.

Our four year plan will continue to apply a "3 R" strategy to annual budgets, resizing, restructuring, and reinvesting in order to achieve structural balance. Successful innovation cannot rely on across-the-board budget cutting. City government needs to choose its priorities carefully and implement them in a manner that increases productivity.

|

The 2013 proposed budget includes a reduction of approximately \$13 million to department operating and special fund expenditures. This includes a proposed elimination of 113 funded Full Time Equivalent positions. No layoffs are projected as a result of my proposed budget. These reductions are necessary steps toward restoring structural balance.

Responsible borrowing and budget decisions have led to stabilizing our debt service levy. The city's debt service levy has stabilized over the last three budgets and is expected to remain within 1% annual increases during the next four years. The city's annual new levy supported borrowing authorizations over the last four years have remained at essentially the same level as in 2004.

The proposed amount of levy supported General Obligation borrowing is \$74.7 million. Continuing this stable level of borrowing will help control our future debt levy increases.

I have proposed modest increases to our municipal service charges that amount to an annual increase of \$17 for a typical homeowner with one garbage cart. However, because residential property values have declined, the owner of a typical residential property will see an estimated city tax levy decrease of \$43. On a combined basis, the new proposed levy and municipal service charge changes result in a decreased cost of \$26 to the typical residential property owner, compared to 2012.

I want to spend some time talking about our pension obligation and the steps we have taken to ensure we responsibly fund the pension benefits that our past and present employees have earned.

Between 1996 and 2009, the city, consistent with the Charter, did not make any employer contributions. As you well know, because of the global financial crisis, we needed to make a \$49 million contribution in the 2010 budget. With your help, we fulfilled this obligation in full, without resorting to borrowing or fiscal gimmicks. As you also know, the funded status of the pension plan allowed us to avoid employer contributions for the 2011 and 2012 budgets. While we acted responsibly, by adding \$44 million over two years to the Employer's Pension Reserve, the storm clouds are still present.

Our plan continues to be one of the best funded public plans in the United States. Projections still indicate that substantial annual employer contributions will be required for the foreseeable future.

This year's actuarial valuation calls for a contribution of \$59.3 million from the general fund and \$1.4 million from the Water Works. My budget includes this funding in full, helped by a prudent \$18.4 million withdrawal from the Pension Reserve.

It is absolutely necessary to approach the challenge of pension funding with a planned, multi-year perspective. The current employer contribution policy is hyper-sensitive to each year's investment results, which is not conducive to budget planning and is inconsistent with the reality of financial market cycles. In order to address these issues, our Budget Office engaged the city's actuary to analyze whether a responsible alternative contribution policy could be developed. The conclusions from the analysis indicate that an alternative contribution policy can indeed meet the objectives of sound funding while avoiding the extreme volatility incorporated in the current funding method.

Once the ERS' current experience study is completed, I will work with you to introduce Charter legislation for a new contribution policy based on the actuarial analysis.

I want to thank Alderman Michael Murphy for his leadership in forming a Pension Task Force which has been focusing on ways to maintain a solid defined benefit plan for city employees in a sustainable manner.

Like pensions, health care costs have been a real challenge for our city. We have made tremendous progress on managing the cost of employee health care. Prior to 2012, we had been experiencing annual increases of about 9%. I'm extremely pleased we have reversed this trend. Our health care benefits cost containment strategy, coupled with our decision to self fund this program, has led to a savings of approximately \$25 million. Current projections indicate a 2.2% increase for 2013.

I am happy to announce that the progress we have achieved in health care savings will produce a dividend for employees. Most employees are still paying more than they did a few years ago, but with this proposed budget they will see decreases to their monthly premiums.

My budget continues to support economic and community renewal through careful prioritizing, organizational restructuring, and investments in our operations.

We will continue robust strength levels in the Milwaukee Police Department, including funding for an estimated 1,862 sworn positions. The budget provides an increase of almost \$1.3 million in overtime to enable continuation of the Neighborhood Task Force and other strategic deployments without diluting district patrol capacity.

Our commitment includes \$1.2 million of tax levy funding to convert 41 of 50 Police Officers who are currently federally funded to local funding, as grant funding expires mid-year. We will also convert the other nine grant funded positions when that funding expires. I am very appreciative of President Obama's support for effective community based policing in Milwaukee; now, it's time for us to make good on our end of the bargain.

The Police Department budget also includes a very important restructuring initiative based on intergovernmental cooperation. Under my proposal, the city and Milwaukee County will enter a Memorandum of Understanding to improve law enforcement and 9-1-1 communications. The Police Department will be recognized as the primary law enforcement agency for policing County parks inside city limits, including the lakefront. The department will use strategic deployment strategies to maximize public safety in the parks and lakefront. The memorandum will improve 9-1-1 emergency call services for cell phone calls, by adding 11 positions that are funded through the proposed County payment. Prior to the agreement, some cell phone calls that originated in the city went to the Sheriff's Department and were transferred to the city. This agreement, which is subject to your approval, will eliminate the need for call transfer and enhance rapid response capacity. City residents will benefit from improved police protection and a more cost effective approach.

The leadership of Chief Mark Rohlfing and the commitment of Fire Fighters, EMS personnel, and support staff will ensure the continuation of response capacity that is far superior to national standards. The department's emphasis on cost effective use of its resources continues to add value. In the 2013 proposed budget, changes in the County Paramedic Training program and a new approach to the training of Advanced Life Support personnel are expected to save approximately \$732,000 without affecting service levels or the quality of training.

My 2013 proposed budget also transfers the Development Center from the Department of City Development to the Department of Neighborhood Services. This is part of a strategy to expedite plan review, streamline permit and plan examination processes and improve customer service. We are adding four new positions to achieve these goals. The Development Center will see an increase in development activity in 2012 and we will be ready.

Infrastructure is essential to neighborhood quality, economic development, and public health and safety. I have included a \$2.2 million increase for the Local Street Paving program, which is 15% higher than this year's appropriation level. Overall, the proposed 2013 funding level is expected to achieve a 55 year replacement cycle, down from 108 years a decade ago, a near 50% reduction.

My budget also includes a \$2 million increase for local bridges, part of a transition to a much larger local funding effort for bridges over the next six years.

Effective financial planning and DPW's creative use of relining strategies has helped us reduce the sewer replacement program from a 142 year replacement cycle to 90 years. My 2013 proposed budget enables 42 miles of sewer to be relined or replaced, almost triple the amount of effort that we accomplished in 2007.

Aldermen Jim Bohl and Joe Dudzik are advocates for strong and cost effective infrastructure investments, and I appreciate their insights.

The Department of Public Work's solid waste programs represent the grass roots component of environmental protection and neighborhood cleanliness. DPW continues to meet its collection goals at a cost that compares very favorably with neighboring communities. Its efforts have also increased recycling tonnage by more than 9% since 2009, and recycling revenue will provide almost \$2 million in 2013, an 87% increase in just three years. The 2013 budget invests significantly in productivity and improved environmental performance. Twenty compressed natural gas packers will lower overall operating cost and reduce emissions from city operations. We have also initiated a multi-year plan to purchase fully automated equipment for use on our garbage routes.

Operational innovations will enable us to continue operating all of our library facilities in 2013 with minimal changes to service. I am very pleased to include resources to support the schools' efforts to help children succeed. In addition to a full menu of programs at the Children's Library downtown, we will continue our neighborhood based Teacher in the Library Program and maintain expanded commitments to summer reading. Alderwoman Milele Coggs, Alderman Ashanti Hamilton and Alderman Nik Kovac are library trustees who know the importance of good libraries to their constituents. Thank you for the extra work you have taken on for the Milwaukee Public Library.

Reducing infant mortality has been one of my highest priorities. Milwaukee has one of the highest infant mortality rates for African American babies in the nation. Last year, I set a goal for 2017 to reduce the overall infant mortality rate by 10% and to reduce the African American infant mortality rate by 15%. The positive news is that Milwaukee's three year infant mortality rate has steadily decreased since 2004 and there's been a 14.3% drop since I took office. We are on track to meet our 2017 goal. The positive trend is due, in large part, to the hard work of the Milwaukee Health Department and our community partners. To keep moving in the right direction, my budget will supplement grant funded home visitation initiatives with seven city funded Public Health Nurses.

My budget consolidates two areas of Information Technology under the Department of Administration. First, networking, telecommunications and support functions move from the Department of Public Works. The proposal will save \$135,000 without reducing staffing levels.

My budget also incorporates the Unified Call Center into the Information and Technology Management Division. Better integration will result in smooth technical operations and make the Call Center a more meaningful part of the city's management program.

While other levels of government hack away at important programs or rush toward fiscal cliffs, my budget avoids simplistic across-the-board budget cutting. The budget makes investments to strengthen operations and improve productivity. Overall, restructuring and organizational changes account for approximately \$4 million in savings. My hat goes off to all city employees who serve the public, and whose collaboration is instrumental.

While there are signs of improvement in our economy, too many people in Milwaukee are looking for work or hold jobs that pay too little. We need more private sector opportunity, jobs that realize the great potential of Milwaukee workers.

This budget continues investments that create economic opportunity. The city's role is straightforward, set the stage for private sector growth and strategically deploy the available tools that promote job creation. That's what has happened in the Menomonee Valley. Our success there was not arrived at by chance. As of today, the 60 acre, city owned Menomonee Valley Industrial Center is close to our goal of nearly 1,300 private sector jobs.

But we are not resting. The progress at Century City continues. The city will build the infrastructure and market Century City business sites. We will have companies at Century City that employ Milwaukee residents, add value to the 30th Street Industrial Corridor, and demonstrate that Milwaukee is a great place to grow. Alderman Willie Wade, your work on the Council and at the Redevelopment Authority has been instrumental in the progress at Century City. Alderman Joe Davis, your partnership has added great value, too.

And at the Reed Street Yards, the city is literally laying the groundwork for another site where private sector jobs will be created. The Reed Street Yards is adjacent to the Global Water Center where the Water Council, UWM and private businesses are setting a course for the future of water related industry in Milwaukee. The Reed Street Yards can be the location where great ideas connected to water can turn into businesses and jobs.

On the northwest side, with the help of Alderman Bob Puentes, we are enlisting businesses and encouraging development. On the Southside, Alderman Terry Witkowski has done amazing work promoting business corridors, green initiatives, and transportation assets. Their work is spawning economic activity and adding to the quality of life in Milwaukee.

Despite the challenging economic times, Milwaukee's neighborhoods reflect progress on important social indicators. Violent crime has declined 32% since 2007. Teen birth rates have declined sharply, and a growing percentage of our children enter school with the vaccinations they need. Our award winning Summer Reading Program has expanded its participation levels by 48% since 2008.

We are maintaining the strength of Milwaukee's neighborhoods. Through our efforts with the Milwaukee Homeownership Consortium, we have worked to stabilize and strengthen homeownership in the city. In 2011, more than 2,400 homeowners who were facing foreclosure received help and 448 families received assistance in purchasing a home.

With federal Neighborhood Stabilization Program funding, we have addressed the impacts of foreclosed properties on city neighborhoods, acquiring, rehabilitating and constructing over 800 housing units.

Our efforts to preserve and improve our neighborhoods are paying off. Through July this year, home sales in the city are up 26%.

These signs of renewal point is an important lesson for us as we enter another budget deliberation. City government has an important and practical role in supporting the local and regional economy. Economic development starts with the basics; safe and confident neighborhoods, sound infrastructure, high quality drinking water, a healthy, well prepared workforce, and a clean environment. The City of Milwaukee plays an essential role in making all of these happen and we will continue to do so in 2013.

President Hines, your leadership has been so important in the positive accomplishments of city government. Thank you.

As we begin the process of Council deliberation over the 2013 budget, please keep in mind that a serious commitment to multi-year fiscal renewal is essential to our ability to continue our mission of making Milwaukee a great place to live, work, and invest. This is no time to depart from our proven ability to budget responsibly. I stand ready to veto any irresponsible use of reserves or unsustainable program initiatives. I am confident that if we collaborate and communicate effectively as we have in the past, we will produce a financially sound budget that meets our obligations and serves our citizens and businesses effectively.

Thank you.

A handwritten signature in black ink that reads "Tom Barrett". The signature is written in a cursive, flowing style.

FINANCE AND PERSONNEL COMMITTEE REPORT ON THE 2013 ADOPTED CITY BUDGET

Each year, the Common Council's Finance and Personnel Committee reviews the Mayor's Proposed Budget for the City of Milwaukee, and submits its recommended amendments to the Common Council for action. The 2013 Budget was the 23rd budget in which I have participated and the 9th I have overseen as chair of the Common Council's Finance and Personnel Committee

This year, the Milwaukee Common Council again approved an amended 2013 Budget that lowered the tax levy from the Mayor's proposed amount. Although the 2013 levy approved by the Common Council is slightly less than the Mayor's proposed 2013 levy, this is the 5th consecutive year that the Common Council sent the Mayor a budget with a tax levy lower than the Mayor's proposed amount.

The amendments made by the Common Council to the Mayor's 2013 Proposed Budget focused on making City government more efficient, improving diversity in the City's public safety sector workforce, and maintaining and enhancing certain City services, particularly police and public health services.

In efforts to make City government more efficient, the Finance and Personnel Committee's review of departmental budgets included greater scrutiny of the City's information and technology functions to determine whether the current largely decentralized approach has resulted in citywide hardware, software and staffing redundancies. As a result of the Committee's review, the Common Council amended the 2013 Proposed Budget to transfer 3 information technology positions in the Health Department and one information technology position in the City Clerk's Office to the City's Information and Technology Management Division. This Common Council action, along with its support of the Mayor's proposed transfer of Department of Public Works' information and technology positions and functions to the Information and Technology Division, are the first steps in making the City's information and technology functions more efficient.

The Common Council also took steps in the 2013 Budget to improve the racial composition of the Fire Department to more closely reflect the diverse racial composition of the City. Because the Fire Department's Fire Cadet Program has been successful in increasing diversity, the Common Council provided additional funding to double the size of the proposed Fire Cadet class scheduled to start in September 2013. The Common Council also added a Recruiter position in the Fire and Police Commission that will solely be dedicated to the recruitment of candidates for positions in the Police and Fire Departments to increase the City's ability to develop more diverse candidate pools.

Additional funding was also provided by the Common Council to address the specific public health concerns of infant mortality, AIDS, domestic violence and West Nile virus. The Common Council added 2 Public Health Nurse positions to the Health Department's Nurse Family Partnership program to help further reduce an infant mortality rate that continues to remain too high, and added approximately \$35,000 to the Health Department's AIDS Prevention Fund to strengthen the City's fight against HIV/AIDS that remains a major health concern, particularly among young African American males.

The Common Council provided approximately \$35,000 in additional funding for the City's Domestic Violence and Sexual Assault Task Force to help reduce incidents of domestic violence and—as evidenced by a recent tragic incident—its adverse effects on Milwaukee-area families. In addition, the Common Council provided \$25,000 for the treatment of sewer catch basins with larvicide to reduce the mosquito population to help stop the spread of the West Nile virus, which, after several years of mild outbreaks, has recently emerged more widely resulting in a higher incidence of illness and deaths.

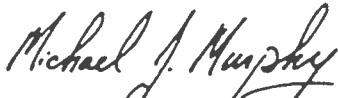

The Common Council also provided funding to restore, maintain or enhance public safety and other certain essential City services—the most significant of which was the addition of \$350,000 to the Police Department's 2013 overtime budget to respond to the need for additional beat patrols. While the expenditure of the additional funding remains at the discretion of the Police Chief, the Common Council provided the funding with the intent to equally provide additional beat patrols in each of the City's 7 police districts. The Common Council also approved \$400,000 in additional funding to the Forestry Section to reduce the backlog of 1,800 stumps in need of removal and to reduce the length of time taken to remove stumps after City trees are cut down.

In addition, the Common Council restored funding for weekend, second and third Electrical Mechanics positions that the Mayor had proposed for elimination in the Infrastructure Services Division and that would have increased the response time to restore a failed street lighting circuit from 24 hours to 48 hours. The Common Council also restored funding to eliminate the Mayor's proposal to require residents to place their garbage carts at the curb on collection day for the entire year and to eliminate the Mayor's proposal to privatize the delivery of barricades for special events, such as block parties.

Finally, because funding for the City's playgrounds has been reduced in recent years, the Common Council established a Playground Improvement Fund with \$100,000 in funding for 2013. As an incentive to receive additional funding from private sector sources, the fund will provide a 100% match for grants and contributions the City receives to improve playgrounds citywide.

The actions of the Common Council relating to the 2013 City Budget demonstrate its continued commitment to work to limit the impact that the City's limited revenue options and mandatory obligations have on the provision of essential City services. As the City faces difficult decisions over the next several years as a result of limited revenue growth and ongoing mandatory pension-related obligations, that same level of commitment from the Common Council will be needed to continue to improve the efficiency of City government while at the same time preserving its ability to effectively respond to the increasing needs of its citizens.

Sincerely,

Ald. Michael J. Murphy, Chair
Finance and Personnel Committee

C. CAPITAL IMPROVEMENTS FUNDS										
1. BUDGETS FOR CAPITAL IMPROVEMENTS										
<p>These accounts may be credited with amounts received or receivable from assessments levied, contributions, grants, and loans in aid from other Governmental Units. Sales of remnant parcels of property or other receipts which are considered an abatement of project - Costs and amounts so received or receivable shall be deemed to be appropriated for the particular purpose of the project account to which said amounts are credited and are available for disbursement for said purposes, providing such receipts and disbursements have the approval of the Finance-Personnel Committee of the Common Council.</p> <p>Various Common Council Resolutions such as C.C. Resolution 88-1664 adopted December 20, 1988 commonly referred to as the Capital Guidelines; CC Resolution 66-1893-E, (Grant and Aids Guidelines) adopted February 5, 1982, CC Resolution 72-982 (Land Acquisition Policy) adopted February 23, 1973 and CC Resolution 73-1365 (Industrial Land Bank Revolving Fund) adopted January 15, 1974 set forth the various procedures and controls applicable to the Capital Program of the City of Milwaukee. In adopting this budget it is the Intent of the Common Council that such requirements and subsequent revisions thereto will be followed.</p> <p>In the case of Expressway and Urban Aid Reimbursable Capital Improvement Accounts, because of timing uncertainties and their reimbursable nature, it is the intent of the Common Council to provide expenditure authority on an as-needed revenue offset basis by appropriate resolution, rather than to include amounts for such projects in the Budget.</p> <p style="text-align: center;">SPECIAL CAPITAL PROJECTS OR PURPOSES</p> <p>Capital Grant and Aids Program expenditures shall be made only after adoption of a Common Council resolution adopted in accordance with Common Council Resolution File Number 66-1893 as amended February 25, 1982.</p>

Total General Obligation Bonds or Short Term Notes	<u>\$261,141,306</u>	<u>\$774,124,900</u>	<u>\$1,035,266,206</u>

(1) Reauthorization of Prior Unused Borrowing Authority:

It is the intent of such reauthorization to expressly authorize the issuance and sale of such obligations (either bonds or notes) as set forth in this borrowing section of the budget, for the purposes and amounts enumerated herein. Such carryover borrowing (reauthorization of prior unused borrowing authority) is also reflected in the capital budget for informational purposes but such amounts are excluded from the capital budget totals to avoid duplication.

(2) Bond authorizations included and approved by the Common Council in the preceding municipal budget and further approved by the adoption of a resolution of intent are herein continued and are deemed to be with the same force and effect as though they had been specifically enumerated, both as to purpose and amount in this municipal budget.

(3) The purpose of this borrowing is to provide funds in connection with projects undertaken by the city with federal or other financial assistance. Expenditures shall be made only after adoption of a Common Council resolution adopted in accordance with Common Council Resolution File 66-1893 as amended.

(A) Design plans for any alteration to building exteriors and interiors shall be reviewed and approved by the city.

III. CLARIFICATION OF INTENT

Employee Fringe Benefits

Employee fringe benefit costs are allocated to operating and capital budgets on an estimated basis for informational purposes only. Such estimated expenditures are 100% appropriation offset for operating budgets and 100% revenue offset for the capital budget to avoid any impact on the city's tax levy. Actual fringe benefit costs, such as health care benefits, life insurance, and pensions, are budgeted separately in non-departmental accounts, which are funded from the property tax levy.

The amount included in each departmental (or budgetary control unit) operating budget on the line entitled "Estimated Employee Fringe Benefits" is subject to adjustment by unilateral action of the City Comptroller, during the budget year, if the actual rate charged against salaries paid is at variance with the estimated rate used in calculating the budgeted amount.

Departmental Salary Appropriations

Department net salary and wage appropriations reflect current wage rates and expenditures and are limited to these amounts. Funding of future salary increases from the Wages Supplement Fund will be restricted to wage settlements only. These transfers must be pre-approved by the Budget and Management Director.

Footnotes

Section 18-06-12 of the Milwaukee City Charter states that the adoption of the budget shall be the authority for the expenditure by a department for the purposes therein provided and of the amounts assigned to the department thereby and no further action by the Common Council shall be necessary to authorize any department to make such expenditures. The City Attorney has advised that footnotes contained in the line item budget are informational only and not controlling over expenditures unless a corresponding resolution specifying the footnote's intent is also adopted by the Common Council.
