GUIDE TO BUDGET DOCUMENTS

PLAN AND BUDGET SUMMARY

A document containing a fiscal summary of the 2009 budget; a budget forecast for Milwaukee; detailed narrative descriptions of each department's mission, services, outcome measures and related activities; and a summary of appropriations by expenditure category. This document is printed annually in proposed and final form as follows: the *Proposed Plan and Executive Budget Summary* contains the Mayor's Executive Budget as presented to the Common Council for review. The *Plan and Budget Summary* contains the budget as adopted by the Common Council.

BUDGET

The official City of Milwaukee line-item budget provides a listing of all appropriation accounts by department and is published after the final budget adoption.

SIX-YEAR CAPITAL PLAN

A presentation of the city's six year capital program. Includes details on planning, financing, infrastructure, and urban development undertakings involved in the capital plan and is published the spring following budget adoption.

2004 FISCAL OUTLOOK AND STRATEGIC PLAN

A strategic framework that guides policy decisions based on long term strategic goals and objectives.

To obtain copies of the: *Proposed Plan and Executive Budget Summary, Plan and Budget Summary, Budget, Six Year Capital Plan* and the *2004 Fiscal Outlook and Strategic Plan* contact the:

Tom Barrett
Mayor, City of Milwaukee

Mayor Tom Barrett
City of Milwaukee 2010 Budget Transmittal Statement

Good morning President Hines, members of the Common Council, City Attorney Langley, Comptroller Morics, City Treasurer Whittow, members of the Cabinet, honored guests and residents of our great city.

The 2010 budget presents all of us with a new set of challenges. As with all budgets, we will struggle to find the right mix of revenues and services. I'm confident that you will continue to apply the serious consideration that you have demonstrated during my first five budgets.

However, focusing solely on the traditional budget questions this year simply won't cut the mustard. The 2010 budget needs to include a serious examination of all our assumptions about what services are really essential and how we can deliver those services.

Less than one month ago the Public Policy Forum issued an independent analysis about city government finances. The good news is that the Forum concluded that city government is well managed and that we have avoided the level of distress that many other large cities have experienced.

Take Cincinnati for example, where the city is planning to cut 319 jobs and may have to close 20 libraries. Or, Denver where budget plans call for 176 city workers to lose their jobs. In Detroit, there has been talk of laying off 1,200 city employees with remaining employees being required to take 26 unpaid furlough days.

The bad news is that the Forum also stated that without major changes to our mix of revenue options, Milwaukee's fiscal condition will continue to deteriorate.

All of us understand the sources of our challenges. Increasingly, Milwaukee's city budget is forced to absorb the consequences of policies that others impose without the tools needed to adjust those policies.

For example, the breakdown of the State's Shared Revenue Program, which once equalized fiscal capacity throughout Wisconsin, has left communities like Milwaukee increasingly on our own. In just seven years the value of our state aids payments has fallen \$60 million in inflation adjusted terms. The dysfunctional nature of the United States health care system shifts costs to responsible employers like us, while contributing to the burden of poverty that schools, social services, and public health agencies must manage. The state's labor relations mandates ignore differences in fiscal capacity and community economic conditions. And world financial turmoil has thrown our pension fund investments into a tailspin.

Let's consider how some of these recent events will shape this year and future years. By 2012, city pension contributions could be as much as \$80 million higher than they were in 2009. Our pension plan remains well funded and well managed, but we can no longer expect our pensions to be a free ride. In 2010 alone, the city's employer contribution will include almost \$48 million in funding for plan benefits, including \$24 million and \$14 million, respectively, for police and fire sworn employees.

I want to thank Alderman Murphy for his leadership role in the Pension Board's adoption of a new funding policy, which lowered our contributions in an actuarially responsible manner. Taxpayers, city employees, and retirees

alike are very fortunate that the Board made this change. I also want everyone to be aware of the fact that had those changes not occurred, an additional \$43 million would have been necessary to balance this budget, which could not have been achieved without significant layoffs in the Police and Fire departments.

Health care benefits pose another structural concern for city finances. Since 1999 these expenses have increased from less than \$50 million annually to almost \$120 million in 2010. That's more than double in just ten years.

The pressure is especially intense for benefits to retirees under age 65. The rating agency Moody's has estimated that the City of Milwaukee allocates the 11th highest operating budget proportion of the 45 largest cities to retiree health care costs.

So, what do I propose that the city do about these circumstances? I will take the lead on multiple fronts to improve the city's finances so that our long term prospects improve.

First, I will continue my efforts to diversify the city's revenues so that we can deliver services with less reliance on the property tax. My diversification proposals will insist on, at the very least, maintenance of the state's existing shared revenue appropriation. My specific proposals include:

- A city share of a countywide sales tax to help address the continuing decline in the state's commitment to shared revenue.
- A new approach to the state's transportation aid formula that recognizes the importance of local streets and infrastructure in the regional economy and prioritizes the maintenance of existing infrastructure.
- Authorization of the Council's proposal to initiate a red light running traffic enforcement program, to provide for safer city intersections and enabling a non-property tax revenue source for enforcing traffic laws and regulations.

Second, I will continue to prioritize creative approaches to collective bargaining that reduce the city's ongoing structural costs. I want to thank District Council 48 for agreeing to collective bargaining settlements that can reduce our ongoing annual budget costs by almost \$10 million.

It is now time for all city government stakeholders - employees, who provide the services as well as residents who expect the services, to realize that we no longer can insulate ourselves from the economic forces that have battered this city. We need to be creative about service delivery, whether it's fighting crime, preventing fires, disposing solid waste, or engaging library users.

Third, our budgets must focus on areas where duplication can be reduced, excess capacity eliminated, and new service delivery methods initiated. My 2010 operating budget initiates this process by reducing full time equivalents position strength by 380 and by eliminating approximately \$35 million from the operating budget baseline.

Although these reductions have been difficult and certainly will have an impact, they have been made carefully and with strategic priorities and organizational efficiencies in mind, the budget does not simply "cut"; there are several examples of how changes in service delivery, investments in technology, and improved management enable us to reduce spending without compromising results.

Finally, the city will continue to do all we can to access new grant resources and to use them to improve our city's sustainability. Our recent effort with respect to President Obama's stimulus initiative is a case in point. The City of Milwaukee was one of the few applicant cities to win the maximum award of 50 police officers from the Community Oriented Policing grant program. I thank all those involved in that effort. We battled tirelessly to gain approximately \$25 million of state highway money for our major streets program and I want to thank President Hines and members of the Council for helping me fight that fight.

We will apply our one time additional CDBG funding to increased local street preventive maintenance and to innovative efforts like the Diversity in Urban Forestry initiative.

Our Energy Block Grant award will be used to initiate a \$1.2 million Milwaukee Energy Efficiency program, to improve energy efficiency and lower resident utility bills.

City employees not surprisingly have played an essential role in the city's necessary organizational makeover. I've been happy to see many examples of front line employees taking the lead in helping the city save money. Just recently the Port of Milwaukee, through the leadership of Harbor Master Joe Di Giorgio, undertook a complete overhaul and reconstruction of one of the Port's cranes. Their success saved the Port more than \$1 million and has enabled better operations. I challenge and invite all city employees to contribute to our ongoing sustainability by creating better ways of service delivery.

The 2010 budget will address our critical priorities. Examples include:

- \$215.7 million in the Milwaukee Police Department, which will allow for continuation of its data driven deployment strategies and operation of the Neighborhood Task Force. The budget also reflects the city's successful Community Oriented Policing grant, which will allow for a new class of 50 police recruits in mid-year.
- \$99.8 million in the Milwaukee Fire Department to enable response to fire suppression, Advanced Life Support, and funding of a Fire Department recruit class next year.
- A \$1.7 million increase to the Department of Public Works local streets program, which will enable a 61 year replacement cycle - less than half the replacement cycle that existed when I took office.
- Funding for the Milwaukee Public Library to allow the continued operation of all neighborhood libraries, including public service hours on three of four weekday school nights and continuation of the popular Sunday hours at three libraries during winter time. I want to especially thank our City Librarian Paula Kiely for working creatively with us.
- New initiatives in the Department of Neighborhood Services operating budget and the Department of City Development capital budget to preserve the city's housing stock from the threats posed by foreclosures.
- Development of a new Unified Call Center to improve customer response, enhance management reporting of problem resolution, and replace outdated technology applications.

And let's not forget that despite our fiscal challenges, we maintain several competitive advantages. These include:

- A world class Water Works that provides the highest quality water of any place in the world at an extremely competitive price. The economy of the future will belong to those regions, like Milwaukee, that can supply their own water in a sustainable fashion.
- A high credit rating, superior to that of the state or Milwaukee County, that helps us manage our debt in a responsible manner.
- An excellent workforce that delivers services of value to all city neighborhoods.
- Strategies that are bringing down crime and improving the safety of people throughout Milwaukee. There's nothing I like more than the headline of last week: *Crime Down Statewide, Led by Milwaukee*. I thank Chief Flynn and the brave men and women of the Milwaukee Police Department.
- Housing and neighborhood amenities that most communities would find to be a true bargain.

And that's just to name a few.

There is no doubt that this budget will be the most difficult you will have had to deal with in the last six years. It is absolutely essential we keep a multi-year perspective in mind. Compromising our pension obligations, over reliance on limited reserves, or one time borrowing for recurring operations will only postpone our necessary transformation.

As I've mentioned on numerous occasions, this budget was by far the most difficult budget I've had since taking office. It is a budget of shared sacrifice. I am pleased with our efforts to preserve city services and our efforts to be fair to our constituents who are also experiencing hardships. We asked everyone to give a little and in doing so, we have achieved a lot.

Thank you and I look forward to working with you as we move forward.

**FINANCE AND PERSONNEL COMMITTEE REPORT
ON THE 2010 ADOPTED CITY BUDGET**

Each year, the Common Council's Finance and Personnel Committee reviews the Mayor's Proposed Budget for the City of Milwaukee, and submits its recommended amendments to the Common Council for action.

The 2010 City Budget was the 20th annual city budget process I have participated in as an alderman, and the 6th I have overseen as Chairperson of the Common Council's Finance & Personnel Committee.

How serious is the City's budget problem?

In spring 2009, the Mayor's Administration and the Finance & Personnel Committee faced a potential shortfall of nearly \$90 million for 2010 budget planning purposes, certainly the greatest budgetary challenge in the City's history.

The City's General Fund pays for core community services including public safety—fire and police protection—sanitation, and libraries. In order to continue current levels in these critical service areas, the City will need to reduce expenses by either cutting services, laying off employees, reducing waste and finding more streamlined and efficient means of delivering services, or by finding new revenue sources through fee increases or new fees. The City's 3-year financial outlook shows that structural budget deficits will continue to increase significantly without strong corrective actions. In accordance with state law, the City must adopt a balanced budget each year; that is, funding must equal expenditures.

What caused this problem?

The current state of the economy has had a major impact on the City of Milwaukee's budget and finances just as it has on other local and state governments throughout the country, as well as the private sector. To fund expenditures related to provision of services, the City relies heavily on property tax revenue and state shared revenue. These revenues are strongly impacted

by a weakened economy: a slumping housing market and home foreclosures translate directly to a drop in citywide assessed property values, and state shared revenue continues to remain stagnant. Additionally, the City faced paying \$49 million into its employee retirement system after stock market losses took away one-third of the pension fund's value. Just one year earlier, the pension fund had been funded at a healthy 133%. As a result of the pension board's and the Common Council's wise investment strategies in prior years, the City did not have to make a significant contribution to the fund in the past several years. However, sharp declines in the investment market sheared away any possible fund gains for the immediate future.

What has the Finance & Personnel Committee done to address the structural deficit in the City budget?

The Finance & Personnel Committee took the offensive in preparing for the 2010 budget process in early 2009 by imposing a firm hiring freeze. Only those vacant positions critical to public safety, such as police officers and firefighters, and those employees providing essential city services, such as positions assigned to garbage collection, snow plowing and street repair, were considered by the committee to be authorized for filling. Short-term, this strategy provided immediate savings through reductions in expenditures for salaries and benefits. Long-term, it enabled a reduction of 236 budgeted positions in the 2010 Adopted City Budget without massive layoffs.

In early March 2009, the Common Council approved establishment of a Capital Improvements Committee to review the capital improvement needs and capital-related funding requests of city departments, and to prepare a recommended annual capital improvement budget. This committee will assist the Common Council in making informed decisions regarding the need for specific capital improvement projects on an annual basis, and provide a much-needed long term strategy for planning and funding for such projects. The total budget for the Capital Improvements Program in 2010 is \$121.3 million, a significant investment in the City's streets, bridges, buildings, and other infrastructure.

As Finance & Personnel Committee Chairperson, I recognized that if the Common Council was truly committed to the realization and implementation of more frequent and effective innovations in service delivery, there was a need to transform our bureaucratic-dominant structures into more flexible and adaptive team designs. Hence, during summer 2009, I created a special computer program on my website to allow City employees to express their observations and suggestions for improving and streamlining service delivery. This program permitted City employees to express their cost-saving ideas—anonously, if desired—with no fear of criticism or reprisal. I received more than 400 "hits" on this program, some of which suggestions were included in the Mayor's Proposed 2010 Budget or in Common Council amendments to the Mayor's Proposed Budget. Other practical ideas contributed were set forth in a policy resolution directing appropriate City departments to review and implement the suggested

cost-saving concepts, such as installing more motion-activated lighting sensors in City buildings to save energy costs. After all, who better could come up with creative, practical ideas for improving City government and City services than the workers directly involved in specific areas of service delivery? This innovative program for soliciting ideas from City employees may be under consideration for official recognition by the Government Finance Officers Association in 2010.

Post-budget adoption, the Common Council approved a new lease with Summerfest in December 2009 which would garner an additional \$3 million in revenue for the City. I championed a provision in the lease which will require Summerfest to pay a six-figure sum annually to the City for services rendered by the Milwaukee Police Department, a step towards Summerfest paying its "fair share" for public safety services from the City.

What types of significant action did the Common Council take on the Mayor's Proposed 2010 Budget?

After holding a series of public hearings in October 2009 on each department in the Mayor's Proposed 2010 Budget, the Finance & Personnel Committee deliberated on more than 90 budget amendments submitted by Common Council members. Those amendments approved by the committee were forwarded to the Common Council for action. Some of the significant actions taken by the full Common Council included:

Libraries:

- Restoring positions and funding for children's programming at neighborhood libraries, including provision of afterschool and weekend programs to children and young adults.
- At the Central Library, restoring positions and funding to allow the Art, Music and Recreation Room and the Frank P. Zeidler Humanities Room to be open 40 hours per week, rather than being reduced to 20 hours per week as in the Proposed Budget.

Health Department:

- Providing position authority for one half-time additional Environmental and Disease Control Specialist to perform seasonal Lake Michigan beach water quality testing and to provide additional services related to West Nile virus prevention, funded as a reimbursable service through the Water Works.

Fire Department:

- Restoring position authority and funding and increasing special duty pay to add back one fire company proposed to be decommissioned, but

increasing "brownouts" (the closing of certain rigs on a rotating basis) by the equivalent of one company.

- In the proposed Fire Cause Investigation Unit, eliminating property tax funding for one Fire Lieutenant/Fire Investigator and one Fire Captain/Fire Investigator, and retaining one grant-funded Fire Lieutenant/Fire Investigator, with the savings to be applied to Special Duty Pay to reduce "brownouts."

Police Department:

- Providing for unpaid furlough-related salary and wage reductions that would result in 2 unpaid furlough days for all sworn Police Department personnel in 2010, and 4 unpaid furlough days for all non-sworn (civilian) Police personnel. The Mayor's 2010 Proposed Budget had provided for 4 unpaid furlough days for all members of the Police Department, both sworn officers and civilians. In other City departments, all employees will be required to take 4 unpaid furlough days in 2010, unless otherwise exempted due to the critical nature of their duties.

Department of Public Works:

- Restoring positions and funding related to acceptance of construction materials at the City's self-help centers with costs to be offset by a user fee.
- Increasing position authority and funding to facilitate a citywide 3-week recycling collection program, with costs to be recovered through the generation of additional recycling revenue.
- Increasing position authority and funding to provide for the collection outside of the green garbage cart of up to 2 cubic yards. The City had previously provided for the collection of up to 4 cubic yards outside the cart, but the Mayor's 2010 Proposed Budget had eliminated the pickup of any amount of material outside the cart.
- Restoring funding for the Weekend Box Program, a popular and well-utilized community tool for weekend neighborhood cleanups. In 2008, 698 weekend boxes were provided, with 3,080 tons of debris and other materials collected.

Transportation:

- Providing \$20 million in contingent borrowing authority to be used for a potential grant match for the construction of light rail system infrastructure, but does not obligate the City to do so.

Art:

- Restoring funding to the Milwaukee Arts Board Projects Special Purpose Account, administered by the Department of City Development, to fund the Arts Board's efforts to promote the development, support and enjoyment of the arts in Milwaukee and to encourage cultural diversity in the artistic life of the city. The Mayor's Proposed 2010 Budget reduced funding for this purpose from \$160,000 to \$50,000. The Common Council was able to restore the funding through a number of judicious reductions in other areas of the City budget.

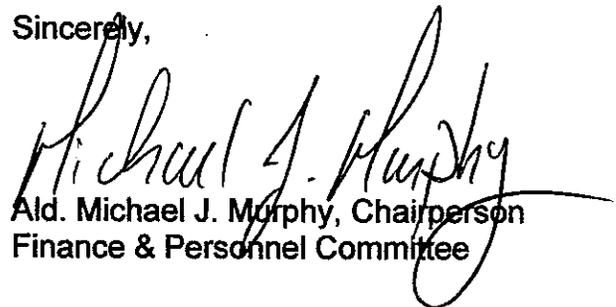

After the Common Council completed its final budget actions, the property tax rate for the 2010 Adopted City Budget was \$8.89, one cent less than the Mayor's proposed rate of \$8.90.

The Common Council raised the Solid Waste fee from \$150.48 to \$170.16 a year for the average homeowner, but 12 cents less than the Mayor's 2010 Proposed Budget recommendation. The Council backed the Mayor's proposal to raise the Sewer Maintenance Fee from \$86 to \$95, and the Storm Water Fee from \$47 to \$56, but cut the Snow and Ice Control Fee from \$35 to \$30, all per year, for the average homeowner.

To offset the cost of restoration of certain service levels in the budget, the Common Council raised the Overnight Parking Permit Fee from \$44 to \$55 per year, the first increase since the permit was established in 1950, 59 years ago.

The 2010 Adopted City Budget continues the Common Council's effort to address the need for a more sustainable budget—that is, a budget that does not require undue change or risk each year. The Council wants a budget in which residents can reasonably anticipate the level of services we can provide and employees can feel more secure in their roles and responsibilities.

Sincerely,

Ald. Michael J. Murphy, Chairperson
Finance & Personnel Committee

2010 Budget for 2010 Budget Purposes

The individual salary and wage rate lines were based on 2006 rates of pay for most salary groups with the exception of Management, MPA and Local 215 members which are at 2009 rates of pay. In addition, \$5.4 million was provided within the Wage Supplement Fund to supplement departmental salary and wage accounts during 2010 on an "as needed" basis and to cover shortages caused by wage rate changes.

C. CAPITAL IMPROVEMENTS FUNDS										
1. BUDGETS FOR CAPITAL IMPROVEMENTS										
<p>These accounts may be credited with amounts received or receivable from assessments levied, contributions, grants, and loans in aid from other Governmental Units. Sales of remnant parcels of property or other receipts which are considered an abatement of project - Costs and amounts so received or receivable shall be deemed to be appropriated for the particular purpose of the project account to which said amounts are credited and are available for disbursement for said purposes, providing such receipts and disbursements have the approval of the Finance-Personnel Committee of the Common Council.</p> <p>Various Common Council Resolutions such as C.C. Resolution 88-1664 adopted December 20, 1988 commonly referred to as the Capital Guidelines; CC Resolution 66-1893-E, (Grant and Aids Guidelines) adopted February 5, 1982, CC Resolution 72-982 (Land Acquisition Policy) adopted February 23, 1973 and CC Resolution 73-1365 (Industrial Land Bank Revolving Fund) adopted January 15, 1974 set forth the various procedures and controls applicable to the Capital Program of the City of Milwaukee. In adopting this budget it is the Intent of the Common Council that such requirements and subsequent revisions thereto will be followed.</p> <p>In the case of Expressway and Urban Aid Reimbursable Capital Improvement Accounts, because of timing uncertainties and their reimbursable nature, it is the intent of the Common Council to provide expenditure authority on an as-needed revenue offset basis by appropriate resolution, rather than to include amounts for such projects in the Budget.</p>										
SPECIAL CAPITAL PROJECTS OR PURPOSES										
<p>Capital Grant and Aids Program expenditures shall be made only after adoption of a Common Council resolution adopted in accordance with Common Council Resolution File Number 66-1893 as amended February 25, 1982.</p>

Total General Obligation Bonds or Short Term Notes	\$159,181,659	\$696,408,903	\$855,590,562

- (1) Reauthorization of Prior Unused Borrowing Authority:
It is the intent of such reauthorization to expressly authorize the issuance and sale of such obligations (either bonds or notes) as set forth in this borrowing section of the budget, for the purposes and amounts enumerated herein. Such carryover borrowing (reauthorization of prior unused borrowing authority) is also reflected in the capital budget for informational purposes but such amounts are excluded from the capital budget totals to avoid duplication.
- (2) Bond authorizations included and approved by the Common Council in the preceding municipal budget and further approved by the adoption of a resolution of intent are herein continued and are deemed to be with the same force and effect as though they had been specifically enumerated, both as to purpose and amount in this municipal budget.
- (3) The purpose of this borrowing is to provide funds in connection with projects undertaken by the city with federal or other financial assistance. Expenditures shall be made only after adoption of a Common Council resolution adopted in accordance with Common Council Resolution File 66-1893 as amended.
- (A) Design plans for any alteration to building exteriors and interiors shall be reviewed and approved by the city.

III. CLARIFICATION OF INTENT

Employee Fringe Benefits

Employee fringe benefit costs are allocated to operating and capital budgets on an estimated basis for informational purposes only. Such estimated expenditures are 100% appropriation offset for operating budgets and 100% revenue offset for the capital budget to avoid any impact on the city's tax levy. Actual fringe benefit costs, such as health care benefits, life insurance, and pensions, are budgeted separately in non-departmental accounts, which are funded from the property tax levy.

The amount included in each departmental (or budgetary control unit) operating budget on the line entitled "Estimated Employee Fringe Benefits" is subject to adjustment by unilateral action of the City Comptroller, during the budget year, if the actual rate charged against salaries paid is at variance with the estimated rate used in calculating the budgeted amount.

Departmental Salary Appropriations

Department net salary and wage appropriations reflect current wage rates and expenditures and are limited to these amounts. Funding of future salary increases from the Wages Supplement Fund will be restricted to wage settlements only. These transfers must be pre-approved by the Budget and Management Director.

Footnotes

Section 18-06-12 of the Milwaukee City Charter states that the adoption of the budget shall be the authority for the expenditure by a department for the purposes therein provided and of the amounts assigned to the department thereby and no further action by the Common Council shall be necessary to authorize any department to make such expenditures. The City Attorney has advised that footnotes contained in the line item budget are informational only and not controlling over expenditures unless a corresponding resolution specifying the footnote's intent is also adopted by the Common Council.
