Check your doctor’s Tier 1 status before any appointments after March 30, 2017.

Depending on your plan, your share of the cost for a doctor’s visit may be lower when seeing either Tier 1 primary care physicians, specialists or both.

Your doctor’s Tier 1 status may have changed. Please check your doctor’s Tier 1 status before you schedule your next appointment.

You can easily choose the doctors, specialists and facilities that offer the greatest value by finding a Tier 1 blue dot next to physicians’ names. Just go to “Find a Doctor” on myuhc.com® and spot the blue dot.

Go to “Find a Doctor” on myuhc.com.
