# 2018 PERFORMANCE APPRAISAL FORM (GROUP B)

## INSTRUCTIONS

This Performance Appraisal form, or other department-specific form that has been approved by the DER is to be used by supervisors to assess performance for Group B employees.

### Conducting a Performance Appraisal

1. Identify the Key Job Responsibilities, based on information from job descriptions or job announcements. List up to seven (7) most significant key responsibilities on the Performance Appraisal form. The description of the key job responsibility should include what is done, the process used in performing the work, the resources relied on, the purpose or reason for the function or responsibility and a qualifier (i.e. effectively, timely, thoroughly, etc. Examples of statements that describe key job responsibilities include:
  - *Comply with federal, state, and local requirements by studying existing and new legislation; obtaining qualified opinions; enforcing adherence to requirements; advising management on needed actions; drafting policies or procedures.*
  - *Balances payroll accounts in a timely and accurate manner by auditing information; identifying and resolving discrepancies; initiating journal entries.*
  - *Work with departmental representatives to develop and implement effective and timely recruitment plans to maximize the number of qualified candidates to test for vacant positions in the city service.*
2. Identify the Job-Specific Core Competencies, using the DER Core Competency Master List, include up to seven (7) core competencies associated with the position held and/or critical to the department's mission. Departments wishing to use a competency not included within the master list, or a different definition for a specific competency may do so after DER approval. The same competencies and/or competency definitions must be used for all employees holding the same classification within the department. Please refer to the competency coding workbook available in the *pay progression toolkit* section of the DER website.
3. Schedule the Performance Appraisal Meeting in advance. Notify the employee of the meeting date, time and location. Provide the employee with a copy of the Employee Self-Assessment Tool and suggest that he/she complete it and return to you no later than three (3) days prior to the meeting date.
 

*The Self-Assessment Tool is specifically designed to facilitate a fair and comprehensive discussion of the employee's accomplishments and contributions during the review period, without asking the employee to self-rate his/her performance in any specific area.*
4. Complete the Rating and Appraisal Feedback for the Key Job Responsibilities and Job-Specific Core Competencies sections of the Performance Appraisal Form using the rating scales provided.

*It is imperative that all departments use the same rating scales that have been developed by DER for each component area. This will ensure consistency in the administration of salary adjustments throughout the City given the funding restrictions.*

5. The Employee's Overall Performance Rating is determined by calculating the average score of all components listed under Key Job Responsibilities and Job-Specific Core Competencies sections. The corresponding salary increase or lump-sum adjustment is determined according to this scale.

Overall Performance Rating	Average Rating Score	2018 Salary Adjustment / Lump Sum Calculation
Exceptional	4.5 to 5.0	4%
Exceeds Expectations	3.5 to 4.4	3%
Successful	2.5 to 3.4	2%
Unsatisfactory	1.0 to 2.4	0%

6. Conduct the Performance Appraisal Meeting at the date and time scheduled. Use the information the employee provided on the Employee Self-Assessment form to facilitate a productive conversation. During that conversation, you and the employee will identify Goals and Objectives and a Professional Development Plan for the employee for the upcoming year. Complete the Performance Planning section of the form to document the plan.
7. Obtain Signatures on the Performance Appraisal form. The employee signature acknowledges receipt of the Performance Appraisal.
8. Attach the Employee Self-Assessment Tool only if/when the employee requests that it become part of the personnel file. *The tool does not automatically become part of the Performance Appraisal documentation.*
9. Distribute the Completed and Signed Performance Appraisal form according to your departmental procedures. This should include providing the employee with a copy of the form and notification to your departmental payroll of the final average rating score.
 

*Do not send copies of the Performance Appraisal to DER. The Notice of Salary Adjustment form is submitted by your departmental payroll.*
10. Review and Update the Job Description, if appropriate, based on any changes that were identified during the Performance Appraisal discussion. Provide the employee with an updated job description.
11. Salary Adjustment Denial and Administrative Review

*An employee who has been denied a salary adjustment based on the result of an unsatisfactory performance appraisal may ask DER to complete an administrative review of the denial. Written justification for the request for review will be required including the specific areas of disagreement with the department. The scope of the DER review will be limited to the process and the criteria considered in denying the salary increase. DER's finding after such administrative review will be final.*
