REVIEW PERIOD FOR 2017 PAY PROGRESSION:

The review period for 2017 pay progression is defined as the 26 pay periods prior to the Salary Anniversary Date (SAD). Please note, the review period should include actual service and the SAD should be adjusted by time off payroll as explained in SAD Maintenance (page 2).

The appointing authority may recommend a modified review period for individuals who have been on a leave of absence for a portion of the review period provided that there is at least six months of actual service in 2017 to review during 2017.

WHO IS ELIGIBLE FOR 2017 PAY PROGRESSION:

Per Common Council File #161034 and #170580, eligible titles include both non-Career Ladder and Career Ladder employees (at the maximum of the Career Ladder range) for Group A. See pages 10-11 for additional clarifications.

WHAT IS A SALARY ANNIVERSARY DATE (SAD)?

Initial SAD should have been established and entered in HCM in 2016. 2016 SADs are to be carried forward and adjusted or re-established per the following:

- *A **NON-Career Ladder employee's** salary anniversary date is established after meeting both of the following criteria:*
 - Having passed probation in the current job title if necessary, *and*
 - After completion of 26 pay periods, or a full review period, on payroll in the current job title.
 - Note: Probationary periods do not apply to employees appointed to a position that is exempt from City Service Commission or Fire and Police Commission rules; therefore the salary anniversary date is established after the employee has completed a full review period on payroll in the position.

Example: Employee starts 1/5/2016. They pass probation, complete 26 pay periods on payroll in that title and have no unpaid time. Their Salary Anniversary Date is set as 1/5/2017.

- *A **Career Ladder employee's** salary anniversary date is established after meeting both of the following criteria:*
 - *Having passed probation in the current job title if necessary, and*

- *After completion of 26 pay periods, or a full review period, after their final career ladder increase.*
- **See Table** on pages 10-11 of this document for additional SAD clarifications.

PAY PROGRESSION IMPORTANT FACTORS:

- **Employees must be employed and on paid status for at least 1 day of the pay period of their SAD to be eligible for 2017 pay progression, including Lump Sum.**
- *Career Ladder employees will always be Lump Sum increases, as they are at the max of their Career Ladder range.*
- *Employees on probation as of their SAD are not eligible for a Lump Sum in 2017.*
- Regularly appointed employees whose SAD falls during a Temporary, Emergency, or Provisional (TEP) appointment, will have their TEP interrupted, primary title restored, pay progression given on their primary title, and then have the TEP restored with an updated rate.

SAD MAINTENANCE:

Payroll Clerks are responsible to:

- Monitoring and Tracking any time off payroll for each employee
 - Run public query in HCM
 - Y_DER_STEPDATE_REVIEW
 - This query provides a picture of job entry and step entry dates that are currently on the top row of job data in HCM.
 - Dates should have been updated during 2016 pay progression.
 - The SAD should be adjusted for each 10 full work days' worth of unpaid time in the employee's regular work schedule; excluding any unpaid partial days (this is different than how we maintain the BSD).
 - **Work days** are defined as full days only – partial days off payroll are not counted.
 - **Unpaid days should be tracked** until 10 full days are accumulated, at which time the SAD should be moved forward 14 calendar days (1 Pay Period).
 - An adjustment should be made to the salary anniversary date for employees who have had unpaid absences from work since their last salary anniversary date.
 - **Unpaid FMLA** is treated the same as any other unpaid absence and should be included when determining an adjusted salary anniversary date.
 - **Unpaid Holiday:** If the period of unpaid time includes a holiday and the employee is not paid for that holiday.
 - **Weekend hours:** If employee is regularly scheduled to work on the weekend day, the unpaid time should be included when determining adjustment to SAD.
 - **Suspensions** should **not** be counted in adjusting the Salary Anniversary Date.
 - **Injured Employees:** Time that injured employees are **off payroll** will be included when determining adjustment to SAD.
 - Include notes under the **General Comments** in HCM to provide an explanation of the reason(s) for any changes in the salary anniversary date.

Instructions for Payroll Personnel – Revised February 12, 2018

- Employees with Salary Anniversary Dates falling from 12/20-12/31 prior to 2016 (Ex. 12/20/2015, 12/30/2006, 12/23/2013, etc) should have their SAD reset to 1/1/17 for Pay Progression purposes. This is a onetime adjustment to these 2016 established SAD's; if the SAD needs to be adjusted at any time starting in 2017 going forward, this rule will not apply.
 - Insert row in Job Data and a General Comment per instructions.
 - Employees whose SAD falls from 12/20-12/31 in 2016 do not need to be reset.

- Notify each employee's supervisor approximately one month prior to the employee reaching the established salary anniversary date that the Employee Assessment (Group A) is to be completed for the review period from their Salary Anniversary Date in 2016 to their Salary Anniversary Date in 2017. The Employee Assessment should be completed on or near their salary anniversary date.
- Monitor for completion of each Employee Assessment no later than the end of the pay period following the pay period in which the salary anniversary date falls.
 - If supervisor does not comply, contact your HR manager, department head or designee, as per your department's protocol.
 - Supervisors who do not complete Employee Assessments for their employees will not be eligible to receive Pay Progression.
- Upon receipt of the completed Employee Assessment :

 - Employees have to "Meet Job Requirements" on all of the factors on the Employee Assessment in order to receive a salary adjustment that is **2% of the employee's biweekly base rate of pay.**
 - Employees who receive a Needs Improvement (NI) rating on any of the factors on the Employee Assessment **will not** receive a salary adjustment in 2017.

 - For suspensions, the date of the suspension notice will be considered the effective date of the suspension for Pay Progression administration purposes.
 - *Note: If the disciplinary action is overturned as a result of a disciplinary grievance process, the employee may be eligible provided that he or she is otherwise qualified.*
 - *Note: If the disciplinary action is held in abeyance, the employee is eligible for Pay Progression.*

TEMPORARY, EMERGENCY, OR PROVISIONAL (TEP) APPOINTMENTS:

- Regular employees serving TEP appointments retain the Salary Anniversary Date based on their Regular Certified title.
- If the employee is on a TEP at the time they are due pay progression, their TEP should be interrupted to give them pay progression on their primary job (certified title) if they are due a biweekly or hourly increase.
- *Note: If the employee is due a Lump Sum and they are on a TEP when their SAD arrives, the lump sum amount should be calculated using the certified title's rate of pay and the payment period would be for the full review period.*
- HCM Process in Job Data:
 1. Interrupt the TEP by restoring the primary job title:
 - Effective Date = 1st Sunday of PP SAD falls in

CALCULATING RATES FOR SALARY ADJUSTMENTS AND LUMP-SUM PAYMENTS

The amount of salary adjustment for each employee is to be calculated by the payroll clerk, using the formulas on Page 7.

- Pay Progression for eligible employees will be applied in the form of a base-building, pensionable Biweekly Increase, a non-base building, non-pensionable Lump Sum, or a combination of the two.
- **Pay Progression calculations should be completed based on the base compensation rate of the employee’s Certified titles (Regular Appointment); excluding Emergency, Provisional, and Temporary appointments.**
- Payroll clerks should verify with DER if they find discrepancies. **When in doubt, ask.**

See highlighted **Comp Rate** field below for where you will find the biweekly base rate of pay. The Rate Code field should say COMBIW or COMHR.

Instructions for Payroll Personnel – Revised February 12, 2018
2017 Pay Progression for Group A only
Effective PP 01, 2017

The formulas for calculating the actual amount of salary adjustments are as follows:

- Biweekly Increase: $\text{Current Rate} \times 1.02 = X,XXX.XXXXXX = \text{rounded to 2 decimal places} = \$X,XXX.XX$
Ex. $1,765.39 \times 1.02 = 1,800.697800 = \$1,800.70$
- Lump Sum Biweekly Amount: $\text{Current Rate} \times .02 = XX.XXXXXX = \text{rounded to 2 decimal places} = \$XX.XX$
Ex. $2,288.38 \times .02 = 45.767600 = \45.77

BIWEEKLY INCREASE

If the new rate after the salary adjustment is calculated results in a rate that falls within the current pay range, enter the new rate in HCM. Increases are effective as of the pay period in which the SAD falls.

Example: Employee's SAD is 7/20/2014 – Eligible for Pay Progression in pp 15, 2017.

Office Assistant II, PG 6EN with a maximum of \$1,381.63

Employee makes \$1,325.00 BW $\times 1.02 = \$1,351.50$ new BW rate eff pp 15, 2017.

$\$1,325.00 \times .02 = \26.50 biweekly increase amount

LUMP SUM

If the employee's biweekly base rate of pay prior to any salary adjustment is at or higher than the PR maximum, do not make any pay adjustment in HCM. Lump sums are to be paid in the pay period containing the SAD or as close to it as possible. The payment will cover pp 1 through the pp **immediately preceding** the pay period in which the employee's SAD falls.

- *Career Ladder employees will always be Lump Sum increases*

Example: Employee's SAD is 7/20/2014 – Eligible for Pay Progression in pp 15, 2017.

Communications Assistant IV makes \$1,713.29 which is the max of PG 6JN

$1,713.29 \times .02 = \$34.27$ lump sum per pp for pp 1-14 2017 assuming employee was paid 40.0 straight time hours per week.

$\$34.27 \times 14 \text{ PP} = \479.78 Lump Sum

PARTIAL BIWEEKLY INCREASE / LUMP SUM COMBINATION

If the employee is not yet at the pay range maximum but the result of the calculated 2% increase is a rate that is higher than the maximum of the pay range, enter the maximum of the pay range as the new rate in HCM. The employee will receive a lump sum payment for the **difference** between the pay range maximum and the amount that would have resulted after a 2% salary adjustment. The partial lump sum payment should be paid in the pay period containing the SAD or as close to it as possible. The lump sum payment will cover pay period #1 through the pay period **immediately preceding** that in which the employee's SAD falls.

Example: Employee's SAD is 7/20/14 – Eligible for Pay Progression in PP 15, 2017.

Library Reference Assistant PG 5DN, max of PG \$1,650.61

EE makes 1,640.20

$1,640.20 \times 1.02 = 1,673.00$ ($1,640.2 \times .02 = \$32.80$ increase). This is over max of PG 5DN

Increase to 1,650.61 (max of PG) for BW increase eff pp#15 2017

Lump sum: $1,673.00 - 1,650.61 = \$22.39$ per pp for pp 1-14 2017 assuming employee was paid 40.0 straight time hours per week.

$\$22.39 \times 14 \text{ PP} = \313.46 Lump Sum.
