

How to Make a Complaint to DNS

By Telephone- (414) 286-2268

Call during business hours, Monday through Friday 8:00 A.M. to 4:30 P.M. (CST) The number to call is 414-286-2268. You can request that your name be confidential. You will be asked for the address of the property and a description of the problem. They will need your name and number so if the inspector needs more information or you wish a call back, we can do that. Depending on the season, staffing conditions and type of complaint, the typical response time is a day to a week. More urgent complaints (no water or heat) are typically answered within 24 hours (excluding weekends).
