### **The Moving Milwaukee Forward Order - Bars**

On May 15, 2020 the Milwaukee Health Department issued a public health and safety order ‘Moving Milwaukee Forward’. This order replaces the previous statewide ‘Safer at Home’ and the local ‘Safe at Home’ order. The ‘Moving Milwaukee Forward’ order is in place and will remain until another order is released. This order is for all establishments within the City of Milwaukee.

**Bars.** This includes breweries, brewpubs, wineries, distilleries, and alcohol beverage retailers. Such establishments may remain open only if they remain in compliance with the following:

- **Carryout** sales of alcohol beverages and food are allowed if permitted by state law and municipal ordinance
- **Delivery** of alcohol beverages to retail customers is **prohibited**
- Wineries holding direct wine shippers’ permits may make deliveries of wine in accordance with their permit
- Breweries, wineries, and distilleries may continue **manufacturing** functions
- **Customers** may enter the above establishments **only for the purpose of ordering, pick up, and paying for food or beverage or both**
- **No seating** may be provided
- **No Food and drink may be consumed on premises**, either indoors or outdoors
- Establishments shall comply with these **Physical Distancing and Protective Measure Requirements** among **all individuals on the premises**:
  - 6ft between people
  - Washing hands with soap and water for at least 20 seconds as frequently as possible or using hand sanitizer
  - Covering coughs or sneezes (into the sleeve or elbow, not hands)
  - Regularly cleaning high-touch surfaces;

- Not shaking hands
- Strongly recommend the use of a mask or cloth face covering. Note: the use of masks or cloth face coverings is strongly recommended but shall not be required due to equity concerns regarding the challenges that either may cause for individuals because of disabilities and/or shortages

The order also states establishments follow all other public health recommendations issued by State of Wisconsin Department of Health Services, Milwaukee County Department of Health & Human Services and the U.S. Centers for Disease Control and Prevention; and adopt policies to prevent workers from entering the premises if they display respiratory symptoms or have had contact with a person with a confirmed diagnosis of COVID-19.
